

Shuttle Mediation

Summary

This workshop takes learners through the theory and practice of shuttle mediation. It explores the purpose and uses of shuttle mediation and gives participants the opportunity to practice effective shuttle techniques.

This course is not assessed and is for learners who are trained mediators.

Learning Outcomes

Participants will be able to:

- Understand what shuttle mediation is and what situations/contexts it can best be used in
- Understand the strengths and weaknesses of this technique
- Identify and avoid potential problems inherent in shuttle mediation
- Practice conducting a shuttle mediation.

Entry

There are no formal entry requirements, but participants should have completed basic mediation skills training.

Accreditation details

This course is equivalent to five hours Continuing Professional Development
